COLLEGE ROYAL WELCOMES YOU TO OUR 2019 OPEN HOUSE!

WELCOME to the University of Guelph and to our 95th annual College Royal. As the largest student-run open house in North America, College Royal is just one example of what makes U of G unique.

This year's organizers from all seven colleges across campus offer a program that blends tradition and innovation. College Royal is a University event. It is also a Canadian event. As Canada's Food University, the University of Guelph brings together research and scholarship to address two of the world's biggest issues – feeding the world and ensuring a healthy and sustainable world – one health – human, animal, and environment.

I hope College Royal gives you a taste of how we're helping to improve life at home, across Canada and around the world.

Thanks to the students, faculty and staff who volunteer their time to this outstanding showcase. Enjoy your visit to our campus!

FRANCO J. VACCARINO, PHD, FCAHS
PRESIDENT & VICE-CHANCELLOR,
UNIVERSITY OF GUELPH

I AM VERY HONOURED to be welcoming you to the 95th annual College Royal Open House Weekend! I have been a member of College Royal™ for the past three years and with each year comes new experiences, great friendships and lasting memories. Myself and the CR team hope that you share the same laughter and enthusiasm this weekend as we do! Be sure to check out the hard work from all our clubs on campus through their interactive displays or information booths, then be sure to stop in to watch livestock shows, square dancing and the many other events!

It has been my pleasure to connect the student body with the community and the urban population with the rural through an outstanding event. I would like to extend my gratitude to all of the faculty members and donors who provide us with endless support. Most importantly I would like to thank you for coming to our 95th College Royal and for helping us keep this long-lived tradition going. I hope you have a "Royally Canadian" time!

CHRISTINA PRELAZ
PRESIDENT,
COLLEGE ROYAL 2019

WELCOME to the 95th year of College Royal, where we are proud to be celebrating tradition, excitement, and 95 years of being Royally Canadian! College Royal is the largest student run open house in Canada, and it has been a great opportunity to witness the students' passion and hard work come together in planning this amazing weekend.

College Royal is a time to explore all that the University of Guelph and its students have to offer. With each of the seven colleges running a display or event, there is truly something for everyone! In the Summerlee Science Complex you can go see the marine biology display of deep sea creatures, or if magic is your thing, the chemistry students put on a fantastically mystical show! Stop by the square dancing competition to watch the OAC classes compete and the art show to see the immense talent of UofG students!

I have a lot of love for College Royal, as it has been an experience I have been able to share with my family for years. I encourage you all to use this weekend to have some fun, try something new (like a mystery milkshake flavour) and make some memories with your family to last until next years' College Royal! I hope you all enjoy our Royally Canadian weekend and thank you for making this event such a success!
