90 YEARS OF ROYALTY

OPEN HOUSE

March 15-16, 2014
Welcome to the University of Guelph and to our 90th annual College Royal. For those of you visiting our campus for the first time, as well as for returning guests, this annual open house provides an excellent sampling of the many offerings and qualities that make Guelph unique. College Royal today brings together the past and the future. Our University has excelled in studies of food, the environment, health and communities for 150 years, and we continue to use research and teaching to change our planet for the better. During your visit, you will get a glimpse of some of the ways that we are changing lives and improving life. I hope that you talk to some of our world-class faculty and outstanding students, get a feel for our innovative programs and learning opportunities, and catch the special community spirit that lives here at Guelph. Enjoy your time on our campus!

– Alastair J. S. Summerlee
President, University of Guelph

It amazes me that what started out, 90 years ago, as a small exhibition with a half-day livestock show has transformed into something much greater. College Royal is now a two-day Open House with numerous exhibits, tours, displays, and shows to enjoy. It is truly amazing that College Royal has become North America's largest student run open house with over 30,000 visitors attending each year. I would like to extend heartfelt congratulations to the College Royal executive for their tireless work and dedication in making this event a success. I would also like to recognize the efforts of the faculty advisors, staff, and almost 1,000 student volunteers who contribute to College Royal. Thank you for celebrating “90 Years of Royalty” with us at this year’s College Royal.

– Josephine Verhallen, President, College Royal 2014

It is with great excitement that we are able to celebrate 90 Years Of Royalty with you, the various other members of the community and the University of Guelph. Over the 12 days of College Royal I encourage you to try something new, learn something about your community and enjoy everything College Royal has to offer! Between the many clubs displays, competitions and demonstrations there really is something for everyone! Thank you for making College Royal 90 years successful, and enjoy your time here!
